EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steven Laut (Reg. No. 47,736) on October 28, 2004.

The application has been amended as follows:

IN THE CLAIMS:

In claim 11, line 6, the term "cylinder" was deleted and replaced with the phrase --from a retreat position-- to correct an obvious informality in the claim and insure that the language from original claim 1 was incorporated into the claim (which applicant states is original claim 4 rewritten in independent form on page 8 of the remarks of the amendment dated October 15, 2004).

In claim 12, line 6, the term "cylinder" was deleted and replaced with the phrase --from a retreat position-- again to insure that the language from original claim 1 was incorporated into the claim since applicant states that claim 12 is claim 8 rewritten in independent form.

In claim 13, line 6, the term "cylinder" was deleted and replaced with the phrase --from a retreat position-- again to insure that the language from

original claim 1 was properly incorporated into the claim since applicant states that claim 13 is claim 9 rewritten in independent form.
